

Yard Giveaways

Have you had a clear out but not able to get to the charity shops or household recycling centre to dispose of items? If there is still life in items, why not consider a yard giveaway? It does exactly what it says on the tin - simply place items out to give them away!

Things to consider:

- ♥ Add a note such as 'Free to a good home'
- ♥ The weather! Try and do on a dry day when it is not too windy
- ♥ Place smaller items into a box (use a box you would not mind losing, as that may go too)
- ♥ Weigh down anything that might get blown around in the wind

- ♥ Place items near the pavement so people can clearly see them – if you have a wall the items could sit on, even better
- ♥ Don't obstruct any pathways or rights of way – if your front yard is not suitable, ask a friend to see if they want to do one together in their yard
- ♥ Remember to bring everything in at the end of the day
- ♥ If it doesn't work one day, try a different day - different people may pass on a weekday to a weekend

♥ ♻️ Let us work together to reuse, reuse and reuse! ♻️ ♥
