<p>The Equality Act 2010 requires the Council to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations, the Council also needs to demonstrate its compliance with the Equality Duty. The Council therefore needs to understand how its decisions and activities impact on different people. An Equality Impact Assessment is the current method by which the Council can assess and keep a record of the impact of new or amended strategies, policies, functions or services.</p> <p>The council retains these duties even when outsourcing services or providing shared services.</p> <p><i>Definition of Adverse Impact - occurs when a decision, practice, or Policy has a disproportionately negative effect on a protected group.
