Extract from Minutes: Great Paxton Parish Council – 10th July 2023

STREET LIGHTING REPLACEMENT

Further to Minute No 12 of the last meeting, the meeting was informed that Balfour Beatty had submitted a quote totalling £10,246.13 for the updating of all Parish Council owned Streetlights in Great Paxton. This estimate could be subject to an additional charge of £2810.84 (maximum) for any UK Power Network arrangements that might be necessary and for the cutting back of trees and hedges. As the Parish Council had recently been awarded CIL funding which could be used for infrastructure improvements, it was

RESOLVED

that the quote from Balfour Beatty dated 6th July 2023 for the updating of all Parish Council owned Streetlights be accepted.

As background, during 2022, Balfour Beatty had reported that the Parish Council Streetlights required updating. The cost of the project was beyond that which the Parish Council could fund from its precept. Consultation about undertaking the work in stages over two years had been ongoing. Notification of CIL Funding in April 2023 enabled the Parish Council to consider undertaking the work completely as one project. So this was the decision taken in July 2023. See foregoing minutes. Payment was made to Balfour Beatty in two stages – before commencement and on completion. The final cost was £12,295.44.

Therefore, in accordance with Regulation 62A 2(c) of the of Community Infrastructure Regulations 2010 (as amended), I can confirm that the item of infrastructure to which the above payment was directed involved the updating, replacement and maintenance of street lighting on the High Street, Great Paxton.
